## What kind of one-state solution would you choose for Israel?

CHECK ONE
A binational, Arab majority (Jewish minority) state from the Jordan River to the Mediterranean Sea
Undemocratic Jewish rule over its majority Arab/Palestinian population
The forced expulsion of Arabs and Palestinians to neighboring states
CHECK ONE

## OR CHECK THE BETTER CHOICE

The only alternative to these three unacceptable choices is a two-state solution.

The inescapable truth is that the creation of a demilitarized Palestinian state is not a gift to the Palestinians. The only way Israel can remain a Jewish, democratic state is if the Palestinians have a Palestinian state. Otherwise, in 2020, the population from the Mediterranean Sea to the Jordan River will be only 49% Jewish. It's time for two states for two people, with a demilitarized Palestinian state living side-by-side in peace and security with the democratic Jewish homeland of Israel.
